The Art of Being Sexy Without Taking Your Clothes Off

Pole Dance Magic Party Flavor FAQ

What happens at a Pole Dance Magic party?

What happens is nothing less than magic! We facilitate the process through a well-orchestrated system that flows smoothly from start to finish so that every woman present, shy or gregarious, has an empowering, FUN, supportive evening.

How many friends can I invite?

We suggest a maximum of 12 (including the hostess) to participate, but more can be invited for additional time and cost.

How do you set up the pole?

The pole is set up in your home and fits without any drilling or damage. It is a friction fit between floor and ceiling. The ceiling *must be flat and between 8 to 10 feet high*. VERY IMPORTANT! Please verify the height of your ceiling with us prior to the date of the party. Taking the pole down and packing up at the end of the evening only takes about 15 minutes.

When will my Party Presenter arrive?

She will arrive 1/2 hour before the party to set up the pole.

How long is the party?

The actual "party" is approximately 1½-hours long (Bachelorette parties are 2 hours long.) This is usually long enough for everyone to have plenty of opportunity to play on the pole, to try out various moves, and to end with their own special routine.

What happens at a party?

The Party Presenter will first set up. When everyone is ready to start, she will explain pole safety and give a liability waiver to each participant to sign.

What do I wear?

We request that the women wear whatever they feel comfortable in. It's all about having FUN! They can wear anything from workout clothes, to fishnet stockings and boas, to stretchy jeans and a t-shirt, whatever they feel comfortable playing in. But remember this is POLE DANCING! So wear something

that makes you feel SEXY! Just make sure, since the women will be working on the pole, that there needs to be movement in their clothes (stretchy jeans). There is no nudity.

Is there a weight limit?

Yes, (185 lbs. for spinning) but with the moves designed for Pole Dance Magic parties, ANY woman of ANY size will have no problem performing with the pole.

Can we drink at the party?

You can have a celebratory toast before the party begins, but we suggest no drinking during the party (except for the last ½ hour!) – you need your balance to Pole Dance! If the presenter feels that someone's judgment or balance has been impaired by alcohol, she reserves the right to not allow that person on the pole. It's just too dangerous.

Are men allowed at the party?

No! Just us girls.

Can a guest just watch?

No, we suggest that there be no spectators at the party. Imagine going to a restaurant just to watch the patrons eat their dinner. You cannot experience the tastes of the meal through observation, you have to sit down and order a meal for yourself. This policy is designed so that everyone participates and experiences the magic of Pole Dancing!

How do I book my party?

To book your party date, you need to send a deposit of \$125 (bachelorette parties, \$150) either by check, money order, or through PayPal (which accepts credit cards). The remaining amount is due the evening of the party, in the form of one check from the hostess.

Is my deposit refundable?

Your deposit is refundable, less a \$25 booking fee, up to 1 week before the party's date. After that, you are allowed to reschedule the party up to 3 months after the scheduled date.
